Dear Paul,

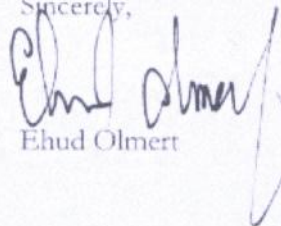

I take this opportunity to wish you a hearty belated happy birthday. I am privileged to be able to congratulate the oldest living member of Beta Alpha Tau on reaching the auspicious age of 90.

BATs have long been steadfast supporters of the State of Israel. Many of your fraternal brothers have served as soldiers, farmers, rabbis, business and civic leaders, teachers and supporters of our country. You must be very proud to be counted among them.

I hope you appropriately celebrated this important milestone, and wish you many more years of joy and success.

Wishing you good health and happiness,

Sincerely,

Ehud Olmert
